**Re: Freedom of Information Act Request, received April 17, 2012**

Dear Mr. Morisy:

This letter is in response to your Freedom of Information Act ("FOIA") request received via email wherein you requested the following:

"Summary reports from the District of Columbia Department of Motor Vehicles that include the total number of annual parking tickets issued from 2000 through the most recent reporting date, as well as parking ticket revenue totals taken in by the city during that time period, broken down by wards, districts, police precincts, or neighborhoods."

Upon receipt and review of your request, the Department of Motor Vehicles ("DMV") responds as follows:

DMV does not maintain or have annual reports, but rather has reports based on the Fiscal Year. Further, after diligent searches, DMV is unable to find Fiscal Year reports reflecting parking citations and ticket revenue totals prior to Fiscal Year 2008. Under FOIA, DMV is not required to create such a report or reports.

DMV is unable to honor your request for information by ward, district, police precincts or neighborhoods because DMV does not capture or maintain records of that information and therefore no records are responsive to your request.

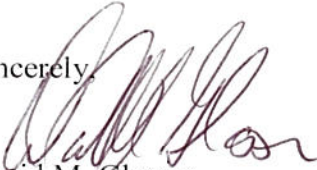

DMV has on its website the following information by month, commencing July, 2008 through March, 2012: ticket hearing dispositions, which include the specific violation and whether the customer was found liable or the ticket dismissed. The information can be found at <http://dmv.dc.gov/about/reports.shtml>.
